GRAPHIC DESIGN EXPERIENCE

MIDWEST OUTDOORS MAGAZINE & TELEVISION - BURR RIDGE

FULL TIME GRAPHIC DESIGNER & WEB ADMIN - 11/19 - CURRENT

As a personal passion, its great that I can take both design and fishing and somehow make a career out of it. I am in charge of creating the monthly issues cover. State issue covers as well. I have to edit & prepare all the images used in the monthly magazine publication. A reasonable amount of my time is spent on the backend of our MWO website. I run and schedule all the ads and keep plugins running and up to date. At times I am aksed to upload articles as well. I create monthly social media updates (FB, Instagram, Twitter) | Updating monthly issues, profile pictures, banners. I make various customs ads - Print and Web. Not only do I create one-of-a-kind ads for MWO, but also I have the opportunity to work with other fishing and hunting companies who outsource work to us as well, as we are a full media company and provide many services.
